- Re-usable parts for your future car
- Compliant to Australian Laws and Standards
- Same-day job completion
- 5 years warranty

WEIGHT	3 kg
DIMENSION	20 × 20 × 20 cm
PRODUCT OPTIONS	Brake only, Brake & Accelerator, Brake & Clutch

- Dual controls are an extra set of driving controls so the other person can control the primary functions of the vehicle, which include the brake, accelerator, and clutch. They are mainly used to help drive instructors while teaching their students.
- Cables operate our dual control; all parts are kept inside the vehicle, which means less wear and tear.
- Our Cables Dual Controls kits require minor adjustments to the vehicle.
