COMPANY PROFILE 2025

HOW WE STARTED

Gilani Mobility was established in 2012 in Australia Gilani Engineering. With the goal of providing mobility solutions to the lives of people with disabilities. Inspired by his own experiences and his strong belief in promoting accessible living, Ray Gilani founded the business to offer premium mobility aids that enables people to live more self-sufficient and satisfying lives.

The company's steadfast commitment to excellence and innovation has earned it a reputation as a leader in the mobility solutions industry. The team at Gilani Mobility works closely with clients to provide personalized care and state-of-the-art equipment that enhances their mobility and independence. Beyond its product range, the company actively engages in advocacy and community initiatives, partnering with local organizations to promote accessibility and inclusivity.

Today, Gilani Mobility stands as a testament to the power of vision, compassion, and innovation. With a strong foundation built on these principles, the company continues to transform lives, helping individuals achieve greater freedom and an improved quality of life through exceptional mobility solutions.

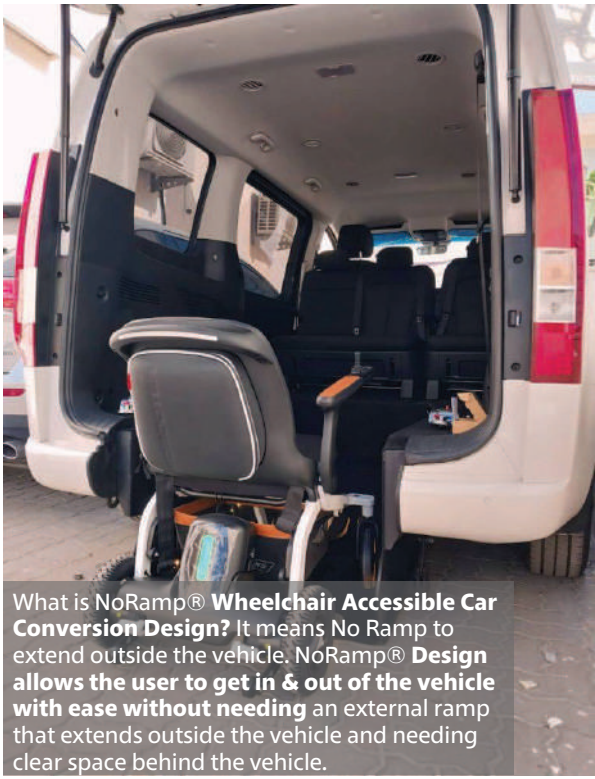
THE G24 ULTIMATE CONVERSION

Introducing the **G24** Family Vehicle, packed with innovations for easy access. With the MaxiPlus® option, choose between 8 seats or 5 seats plus a wheelchair user. It's safe, easy, and stylish a game-changer in accessibility.



What is NoRamp® **Wheelchair Accessible Car Conversion Design?** It means No Ramp to extend outside the vehicle. NoRamp® **Design allows the user to get in & out of the vehicle with ease without needing** an external ramp that extends outside the vehicle and needing clear space behind the vehicle.

Features:

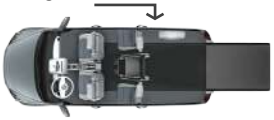
- **NoRamp® Design:** Makes it easy to park anywhere
- **The Auto Tailgate®:** Fully automatic opening system with press of a button
- **Fully Automatic:** Press a button and access the flush ground access

Who is Authorised to perform this Conversion? **Gilani Mobility Dubai, UAE** is the only approved and certified supplier this conversion. The Ultimate NoRamp® conversion is a patent design owned by **Gilani Mobility Dubai, UAE.**

VAN & BUS VEHICLE MODIFICATION

1ST ROW CONVERSION

Optional side folding double seat



2ND ROW CONVERSION

3RD ROW CONVERSION

THIS DESIGN BRINGS YOU THE MOST INNOVATIVE SYSTEMS INCLUDING:

- Hassle-free Wheelchair Access by Lowering the Internal Floor
- No worry about needing disability parking space, park anywhere with ease
- AutoTailgate® is integrated for fully automated opening with just the press of a button
- The MaxiPlus® is popular among taxis and community transportation services.
- 5 Seats and a Wheelchair Or 8 Seats with Foldable 3rd Row Seats
- No External Ramp is Required as The Rear Tailgate and Vehicle's Floor Lower to Ground
- External ramps can block the driver's rear view, and internal ramps solve this problem
- With the press of a button, get ground-level access to the vehicle via the internal system

DIMENSION
1600m Internal Height
800mm Tray Width
1400mm Tray Length
